

PSYCHIC CONSULTANT

I have been working in the field of psychic consulting since I was a young child. Visions and prophetic dreams were a normal part of my daily life, until one day, when I was nine, a dear friend of the family's told me I would be possessed by the devil if I continued. Interestingly enough she was the one benefiting from my healing visions the most.

Being only nine, I ran to church (it was Palm Sunday) and asked Jesus to stopped visiting me and take away any healing in my hands, because "they" were going to crucify me like "they" did him. I left church that day, not able to look at the sky (heaven), and went into a 20-year depression and addiction to block any abilities I had.

When I hit rock bottom, I was living in Scotland at the time and stumbled upon the Church of Psychic Science. They took me in and helped me to remember who I really am, and trained me to use my gifts and abilities. I will be forever grateful to them.

Since that time I have traveled through many different countries, including the United States, and been trained by some of the best professional people in the world. I have worked as a volunteer undercover psychic for police and sheriff departments for many different types of cases.

Being a psychic is the way I was born, and I believe it was given to me to assist others. I have had a very long and deep relationship with angels, and the Divine. Being a modern day Mystic has been one of the most challenging and yet rewarding journeys I have ever taken.

I take people all over the world to assist them in their spiritual development and help them to deepen their own connection. I also do private consultations in my office and over the telephone or on Skype. TESTIMONIALS

Prior to working with Kathryn, I kept pursuing unfulfilling relationships with those who could not be available to me. My attraction for these women consumed me to the point that I became entirely unavailable for anyone else, including myself. In a 1/2 hour session with Kathryn she was able to precisely pinpoint how I had scripted my life to this pattern; and she gave me an assignment that freed me of my emotional burdens and opened me up to being with Marian--who I met at the end of the assignment. This summer we will celebrate 4 years together. I am grateful to Kathryn for helping me break through barriers that had been impervious to 15 years of therapy. There is no wasting time with her. ~LD of Washington, DC

When I first met Kathryn back in 1991, I thought she was just too cute to be taken seriously, but I reluctantly sat for a reading with her anyway, as she had come highly recommended by someone I trust. She told me things that I thought were preposterous - but they have all been actualized. Two months later, I attended my first Healing Heart Retreat (one week in paradise - Hawaii) which was worth years of talk-therapy, and catapulted me onto my spiritual path. I found Kathryn to be such an intuitive and divinely guided channel that I have attended several of her retreats over the years, knowing that I would come away time after time with greater understanding of what the heck I am doing on this planet and the gentle remembrance of why I decided to be here in the first place! I never cease to be amazed at how much power can come in such a small package. Thanks, Kathryn, for carefully holding my heart. ~Rev. Carol Tucker Andrix, Chicago

Dr. Leeman has been such a 'helper' in my life. For example, when my daughter went through an emotional upheaval, I phoned Kathryn in tears. She talked me 'in off the ledge' by giving me the insight into the karmas, personalities and issues of the people involved. This allowed me to be calm, non-judgmental and thoughtful with everyone concerned (including myself). It also gave me hope for the future that all is by divine plan. She's awesome!!! ~SP, California

I have known Kathryn for many years, and I can sincerely account for her integrity, wisdom, and compassion. Her professionalism and confidentiality as a counselor/advisor are one of her primary qualities. I continue to recommend her to anyone who needs guidance on a deep and understanding level. ~Elena in California

As a talented and compassionate psychic consultant, Dr. Kathryn Leeman is highly intuitive, thorough, and specific in her readings. I have had a twenty-seven year relationship with Kathryn and trust her implicitly. Kathryn provided validation of messages I had been receiving and clarified the path and obstacles on my current journey forward. Her council is invaluable when my own illusions cloud what I need to see. Her heart and passion are always a comforting source as life in its many forms plays out in my own experiences. She is a blessing in my life. ~LN in TN

*I have found Kathryn's readings to be nourishing in that they offer ample food for meaningful introspection. They are soul enhancing in that I always feel that I receive affirmations with what is in alignment with my soul's path. Enough is revealed in the reading to literally feed that process. Kathryn is clearly gifted-- she comes through as a clear conduit that tells the truth as she receives it, and yet firm enough to get your attention and make you want to grow. A session with this gifted Seer and heart based Healer leaves me uplifted and ready to do the work of aligning with my soul. Highly recommended.

I have had a number of readings from Miss Kathryn and have found that her 'reading' of things going on behind the scenes to be very helpful, especially when I have a situation where another person is not clear about what they mean. Later, when the air clears, it has always been proven that what Kathryn 'saw' was in fact correct. ~AG, CA
